 <p>Foundation Subjects</p>	<p><u>History:</u> Think of the maps of Mexico you created. Did you know that the area of land we call Mexico today was not always known as Mexico? Much of the Americas were populated with groups of people who moved from one place to another. They were called nomads. Some of the first groups to settle down in cities in the area that is now Mexico were the Mayans and Aztecs. Most of the Mexican Mayans (because Mayans were also in parts of Central America) were located on the Yucatan Peninsula</p> <p>TASK: Research the Mayans and present the information in a format of your choice. It could be a display board, a PowerPoint presentation, written report etc. You can hand in your work next time you change your Accelerated Reader book. Think about:</p> <ul style="list-style-type: none"> • Where was this civilization located? • When did this civilization make its greatest accomplishments? What were they? • Who were the rulers, or people in charge, of the Mayans? • What special contributions did the Mayans make? • What happened to this group of people?
